

A Pair of Parodies, a Flurry of Follies, to wit, Two Clever Essays, Plus an Addendum of All That is Called Racist, to back you up when you tell the Woke: "You call everything racist! It's just a tactic!"

by Steven Mrozak

1 The Emperor's New Clothes, In Literally The Current Year

The Emperor, in literally the current year, arrived in New York. He was then approached by two scam artists. Posing as clothiers, they claimed to stitch magnificent clothes, that were very fashionable and beautiful, yet invisible to those who were too racist and white supremacist to see them. To meet his ESG goals, the Emperor hired them. Despite the skepticism of numerous officials observing their progress, no one, not even the Emperor himself, said a thing, to avoid appearing the racist or white supremacist unable to see the glorious clothes. The scam weavers dressed the Emperor in his new suit, or birthday suit as the case may be, in time for the new parade. The people of the town lining the parade streets dared not say anything, but a little boy, laughing at the ridiculous display, pointed out that the Emperor was wearing no clothes at all. The Emperor was indeed naked.

But then the scam artists got on the phone to the West Coast, and had Facebook, Twitter, and YouTube remove all videos of the little boy saying the Emperor was naked. Then their "fact checkers" said the little boy was lying, the Emperor's clothes were magnificent so DEBOOOOOOOOOOOOOOOONKED!!! CNN reported that the little boy was a white supremacist, the SPLC and ADL labelled his family a "hate group," his parents were banned from PayPal, fired from their jobs, Antifa beat the little boy up and Black Lives Matter burned down his neighborhood.

But that's all OK. Because he's white.

2 Woke Privilege: Unpacking the Invisible Clowncar, or "Why Do Wokepipo Be So Fragile"

Wokepipo are racist. But not Trump supporters. Trump supporters can't be racist, because racism equals prejudice plus power and only Wokepipo have access to the power structure.

Who runs the schools? Wokepipo! Who runs the media? Wokepipo! Who runs the universities? Wokepipo! Who runs big tech? Wokepipo! Who runs the corporate boards? Wokepipo! Who runs the foundations and NGOs? Wokepipo!

We are living under the heel of WOKE SUPREMACY! We must disrupt and dismantle woke supremacy, to be liberated from hegemonic wokeness, to create a counter-hegemony of common sense, to replace woke sensibility with common sense-ability!

There's too many Wokepipo at the top of society. Most people don't believe in wokeness, so how did Wokepipo get to run everything? Only systematic discrimination explains woke overrepresentation, and any other explanation is simply OFFENSIVE, and causes HARM to the Bill Payers and the POC (People of Conscience). We need more POC, People Of Conscience, to be hired to corporate boards and college faculty in order to challenge woke supremacy and disrupt woke power

dynamics. The answer to past Pro-Wokepipo discrimination is present Anti-Wokepipo discrimination. The answer to present Pro-Wokepipo discrimination is future Anti-Wokepipo discrimination. But it's not actually discrimination, because this is punching up, and only Wokepipo can be discriminatory, or for that matter, racist. But it's even worse than that.

All Wokepipo are racist. That's why they make everything about race; what a bunch of *race obsessivists!* And even those Wokepipo calling themselves anti-racist (really just another name for ADOS Ethnonationalism) all benefit from the system of Woke Supremacy. Even individual Wokepipo who don't make \$10,000 per speech still have liferuin privilege (sometimes "canceller privilege") or the ability to ruin other peoples' lives with bogus, narrative-driven accusations of racism or transphobia, by partaking in cancel culture, which is the economic LYNCHING of the POC (People of Conscience) challenging woke supremacy! Wokepipo thus have prejudice plus power, and under Woke Supremacy, even Poor Woke Trash still have Woke Privilege. With their invisible weightless clown car of unearned privilege (and an unearned sense of moral superiority) they ruin other peoples' lives by playing stupid postmodern wordgames and forcing politics into non-political institutions; they look down on the People of Conscience who have to pay society's bills.

Wokepipo justify their abuse of People of Conscience with Clown Academic Quackery, a favorite being "stochastic terrorism," the canard that criticizing Wokepipo causes People of Conscience to commit mass shootings against Wokepipo. Such Tinfoil Hat Wokeness mixes into overarching narratives, like The Hate Replacement Theory, which posits that Nazis will take over unless we suppress speech on the internet that Wokepipo don't like. This is linked to The Woke Genocide Conspiracy Theory, which asserts that the removal of Affirmative Action Privilege would make Non-Wokepipo the majority in leadership of society's institutions by 2043, which would force gays back into the closet, women back into the kitchen, and give every old white male an AR-15. And then Black lives won't matter anymore. As the proportion of Wokepipo shrinks every year along with Joe Biden's approval rating, and as these demographic effects are seen in Democrats losing Virginia's governorship and losing recall elections on San Francisco's school board, Wokepipo discuss in their fringe faculty lounges how to stop the Non-Wokepipo from getting in by building a DEI Wall to stop it. Fortunately, we at the Anti Dumbkopfen League and the Stop Promoting Leftism Center are monitoring these Woke Extremists and their shadowy faculty lounges, because we recognize that the most dangerous extremists are the ones running the media and the government (and your donation will help! Please send lots of \$\$\$\$) In passing, we ought to note subtle distinctions exist between Woke Extremists. For example, there are Woke Supremacists, who always blame white racism against Blacks, as opposed to Woke Nationalists, who sometimes blame Russia.

To understand why Wokepipo support such extreme measures and generate such preposterous conspiracy theories about People of Conscience and America, we must understand just how much Woke Privilege means to them, and does for them. Take for instance the Trump presidency: Wokepipo and fellow Woke-Complicit Leftists have lorded it over the Bill Payers for decades, since the Franklin Roosevelt era, belittling People of Conscience voters. For just four years, they got a taste of their own medicine, as their own favorite politicians were finally called names only one-tenth as malicious as they routinely called not just opposing politicians, but opposing voters, and because equality feels like oppression to those with Woke Privilege, their Woke Fragility kicked into overdrive. Or take that one overblown incident in the Capitol. The real story of January 6 is the double standard,

whereby a riot no more destructive than any other that year was arbitrarily deemed an "insurrection" even though the salient element of an "insurrection" is that the use of force against American authority is so daunting that it can't be contained by peacetime policing. (Evidence that anyone with name-recognition actually planned the violence remains lacking to this day!)

And yet, thanks to the invisible Clowncar of unearned Woke Privilege, when Wokepipo burn cities hundreds of times, it will be either ignored or rationalized by the Wokepipo Media and go unprosecuted by the Woke Supremacist Power Structure; if People of Conscience riot even once, the Woke Supremacist Power Structure talks about new domestic terrorism legislation. Thus Wokepipo, who produce nothing but whining about those of us who do produce, get their fake analysis taken more seriously than the concerns of the exploited Bill-Payers. They also get their politically-motivated fake accusations taken seriously: Take for example Christine Blasey Ford's woke woman's tears inciting unwavering Democrat belief, as did the bizarre tale of Michael Avenatti's star witness, Julie Swetnick, whose woke privilege shielded her from prosecution even after she later admitted fabricating the whole story.

Challenging Woke Privilege causes Wokepipo to have Woke Fragility, a combination of aristocratic entitlement and small-child temper tantrums (except that small children are far less screechy and twice as reasonable), a mentality of "lots-of-demanding-but-nothing-understanding." Woke Supremacy starts by telling Wokepipo they're special despite their lack of real-world achievement. Little Wokepipo embrace such flattering notions, and proceed to self-cultivating the Woke Fragility further, by appropriating therapy language to play victim and get power, putting on this act so often that it becomes self-fulfilling; resilience, no, victimhood is power, yes! Fake Victimhood, or Fragility Privilege (part of Woke Privilege, in which anyone fragile gets immense deference by virtue of their screechiness) becomes more than a neat trick to get their way under Woke Supremacy, it becomes part of a Woke Identity, providing a sense of purpose. This is why they explode into Woke Rage when informed by People of Conscience--and non-Wokepipo in general--that they are in fact not victims: their very sense of purpose in life is undermined, and they lack the necessary Woke Stamina to rebuild their worldview and sense of purpose on a sounder foundation. This Woke Rage fuels the unreasonability of Cancel Culture, which seems to target Left-Center comedians with far more vitriol than even their assaults on right-wing political figures, for Wokeness is absurdity, and comedians are more perceptive than the general public, making them the cutting edge of pushback to absurdity.

But Wokepipo know their Woke Racketeering (which they are pleased to call "accountability") is morally unjustifiable thug behavior. So Wokepipo invent cover stories that defy any sound moral reasoning, engaging in word perversion. These loathsome Word Perverts insist firing working people for the "wrong opinion" (in the eyes of the Screechy Preachy Cringe Fringe on Twitter) is "accountability," that burning cities is "protest," that violently assaulting people for proving them wrong is "punching Nazis" ("Nazi," "Fascist," "racist" and "white supremacist" are the words these Word Perverts go about perverting the most). Word Perversion, which also includes branding Woke-Debunking-Speech as "hate speech," is the foundation for stupid postmodern wordgames, without which their manipulative screeching about imaginary "harm" would have no impact on corporations they're pressuring to fire someone. Absent the ability to recast, by being word perverts, ordinary life as "oppression," this Woke Racketeering would carry little weight in the eyes of anyone making a decision.

In large part, Wokepipo's Wokesplaining of free societies as "oppressive" entails portraying free speech itself as "oppressive." The cover story is the aforementioned "stochastic terrorism" canard and The Hate Replacement Theory. The real reason is because Woke Supremacy has always prioritized Woke Comfort over free speech, not simply because of Wokepipo's personal fragility, but because free speech--and especially humor--disrupts Woke Supremacy, hence the aforementioned targeting of comedians. The Woke Power Structure has long feared FunnyFolx, for their ability to make a different set of people "cool" or a different scene "the place to be." FunnyFolx are social-outflankers that render Wokepipo into the jokes they are by making the ridiculous traits of Woke Supremacy visible.

Wokepipo preserve their prestige by having members of the Woke Power Structure praise each other and give each other awards for their Woke nonsense, like giving ADOS Ethnonationalists the Pulitzer Prize for defaming the American Founding (hating America interlocks with their loathing of free speech). Self-congratulatory awards are then cited as proof that only Woke Knowledge is "real" knowledge, boosted and protected by Woke Fact Checkers, in an epistemic insurrection that denies all Non-Wokepipo's ways of knowing, that says only those on top of the Woke Hierarchy get to decide what's true. This Woke Hierarchy, also known as the Affirmative Action Aristocracy, is the Woke Power Structure that ensures that the Woke Privilege of Mediocre Wokepipo pays off. Even if they can't define what a woman is.

This Manufactured Woke Prestige aims to induce Woke Complicity, especially by college presidents, corporate boards and big tech companies. And complicity in Woke Supremacy benefits those Seeking Woke Approval, and this corruption is rationalized under Woke terms like "social justice," the definition of "justice" under Woke Supremacy. This Woke Complicity compromises those Seeking Woke Approval, such as college presidents and corporate boards, to help maintain Woke Supremacy and inflict Wokery.

But we must remember, Wokery is the ordinary state of affairs in Woke Supremacy, not an aberration, and thus the question is not "did Wokery take place?" but "how did Wokery manifest in this situation?"

Wokepipo damage our society. There is no such thing as a Positive Woke Identity. Wokepipo must actively strive to become less Woke!

Critical Woke-Joke Theory exposes the Woke Power Movement and questions the very foundations of the Woke World Order, including equity theory, Woke Concepts of "social justice," counter-Enlightenment irrationalism and the biased principles of self-dealing identity politics. Only through the lens of Critical Woke-Joke Theory can Woke Supremacy be properly seen, exposed, made visible, disrupted and dismantled. You should become a Critical Woke-Joke Theorist today! Tell all your friends and family about Critical Woke-Joke Theory, and let's all laugh at Wokepipo! Laughing at Wokepipo is a victimless crime that helps POC (People of Conscience) disrupt and dismantle Woke Supremacy, deconstruct Wokeness, puncture through Wokesplaining, and induce doubt in LARPed experiences, which undercuts the Woke Supremacists' ways of knowing and epistemic adequacy: the more Woke Supremacists sputter to Wokesplain away their own injustices, the more we undermine the ways Woke Supremacy and its mentality of Wokeness typically adapt to make themselves invisible and stronger. The latest variant is Multiracial Wokeness: One side of Multiracial Wokeness is White Guilt, the other side is ADOS Ethnonationalism, whose manifestation in law is Critical Race Theory,

whose manifestation in history curriculum is the 1619 Fake History Project, whose manifestation in policy is Defund the Police and open borders and whose operating procedure is "GIVE ME MY WAY OR YOU'RE RAYYYYSSSST!" and "EVERYTHING I DON'T LIKE IS LITERALLY WHITE SUPREMACY!!!!"

But to these problems, we have solutions. We will replace woke supremacy with common sense supremacy and accountability for Wokepipo. When Wokepipo burn down a city, Wokepipo be goin' to jail!

We will Make Libel Laws Great Again. Every time they smear us as "racist," "Nazis," "alt-right," and "white supremacist," there needs to be a Nick Sandmann-sized payout. What happened to the Wokepipo at Oberlin who smeared a local bakery as "racist" needs to happen to every single person orchestrating a cancel campaign. Lest anyone object and say "but private business," "but free markets, so gotcha gotcha gotcha DEBOOOOOOOOOOOOOOOONKED!"-- listen up: TWITTER MOBS ARE NOT "THE FREE MARKET." And in capitalism, BUSINESSES SELL PRODUCTS, NOT IDEOLOGY. To restore an economic order where businesses sell products and honor their customers instead of mobs of randos on Twitter--even if achieved by legislation and litigation--is *restoring capitalism*, not violating it. It is time for the majority to get its way. The majority is not "woke." Joe Biden's approval rating sits at, as of this writing, below 40%--a reflection of how little of the vote he'd have gotten if he had told people what he would do before the election instead of hiding in his basement. All of Trump's voters and half or more of Biden's voters were not "woke," and he skated past us by hiding what he would do.

We will defeat Woke Crow, as The **Real** "New Jim Crow" is what Wokepipo do to their critics. And we WILL overcome, we will be LIBERATED FROM WOKENESS! And above all...

Laugh at Wokepipo! Laugh at Wokepipo! Laugh at Wokepipo!

A Flurry of Follies

Just for Laughs: Reply to Every Leftist by Saying "You Call Everything Racist! It's Just a Tactic" and Watch Them Melt Down

Democrats and their Faith-Based Arguments That Republicans Are Secretly Racist: That the Democrats have to reach so far proves there's nothing there.

- >Criticism of the IRS? RACIST! "Republicans are using [the IRS scandal] as their latest weapon in the war on the black man. "IRS" is the new "N****r," says Martin Bashir of MSDNC, oops I mean MSNBC.
- >Having an RNC convention? RACIST! "They are happy to have a party with black people drowning," says Yahoo News Washington bureau chief David Chalian, referring to the 2012 RNC convention, because obviously a political convention was scheduled months in advance to line up with a hurricane. DES-PER-ATE!
- >Owning a gun for self-defense? RACIST! "I am loathe to bring up what is in our head because we don't

like to talk about it so much. But on this particular day, on Martin Luther King Day, I think this needs to be said. That imaginary person that's going to break into your home and kill you, who does that person look like? You know, it's not freckle-faced Jimmy down the street, is it really? I mean, that's not what really, that's not what really people, we never really want to talk about the racial or the class part of this, in terms of how it's the poor or it's people of color that we imagine that we're afraid of. Why are we afraid? What is that, and it's been a fear that has existed for a very, very long time," said Michael Moore, in between stuffing his face with cake.

>Wanting the government to follow the Constitution? RACIST! "The language of GOP racial politics is heavy on euphemisms that allow the speaker to deny any responsibility for the racial content of his message," "References to a lack of respect for the "Founding Fathers" and the "Constitution" also make certain ears perk up by demonizing anyone supposedly threatening core "old-fashioned American values," says Juan Williams, as he enjoys his Constitutionally-protected 1st Amendment.

Are we beginning to see that calling everything "RACIST!!!!!" is not a fact, but just a tactic?

>Calling Obama angry? RACIST! "That really bothered me. You notice [Romney] said anger twice. He's trying to use racial coding and access some really deep stereotypes about the angry black man. This is part of the playbook against Obama, the 'otherization,' he's not like us. I know it's a heavy thing, I don't say it lightly, but this is "n****rization," says Toure, whoever that is.

>Calling Obama a liar? RACIST! "Surrounded by middle-aged white guys -- a sepia snapshot of the days when such pols ran Washington like their own men's club -- Joe Wilson yelled "You lie!" at a president who didn't. But, fair or not, what I heard was an unspoken word in the air: You lie, boy!" says Maureen Dowd, whose other specialty is seeing sexism everywhere it isn't. Being multitalented is awesome!

>Calling Obama privileged? RACIST! "Spotlighting his elite education is tantamount to racial bigotry because it insinuates that he "took the place of someone else through affirmative action, that someone else being white," says Jonathan Capeheart, conveniently ignoring that politicians long called each other elitist and out of touch, and that this "he went to an elite private school" line was first employed by Bobby Rush, Obama's first opponent. Bobby Rush, by the way, is Black.

I swear, these guys would look at a Rorschach test and see racism.

>Saying Obama kowtows to unions? RACIST! "The Republican Party is saying that the President of the United States has bosses, that the union bosses this President around, the unions boss him around. Does that sound to you like they are trying to consciously or subconsciously deliver the racist message that, of course, of course a black man can't be the real boss?" asks professional racebaiting hack Lawrence O'Donnell, who is not a journalist but plays one on TV.

>Want honest elections without voter fraud? RACIST! "If you go back to the year 2000, when we had an obvious disaster and -- and saw that our voting process needed refinement, and we did that in the America Votes Act, and made sure that we could iron out those kinks, now you have the Republicans, who want to drag us all the way back to Jim Crow laws and literally --and very transparently -- block access to the polls to voters who are more likely to vote Democratic candidates than Republican candidates. And it's nothing short of blatant," says Debbie Blabbermouth Schultz, who rigged the DNC

Primary for Hillary Clinton.

>Want your country back from abusive & intrusive lying & and spying big-brother government?

RACIST! "Do you remember tea baggers? It was so much easier when we could just call them racists. I just don't know why we can't call them racists, or functionally retarded adults. The functionally retarded adults, the racists -- with their cries of "I want my country back." You know what they're really saying is, "I want my white guy back." They apparently had no problem at all for the last eight years of habeas corpus being suspended, the Constitution being [expletive] on, illegal surveillance, lied to on a war or two, two stolen elections -- yes, the John Kerry one was stolen too. That's not tin-foil hat time," says Janeane Garofalo, who benefits from liberal privilege. Anyone else would be called a conspiracy theorist for saying things that are that much of a stretch.

Yeah. Pretty sure calling everything racist is just a tactic.

>Like Herman Cain? RACIST! "One of the things about Herman Cain is, I think he makes the white Republican base of the party feel okay, feel like they are not racist because they can like this guy. I think he's giving that base a free pass. And I think they like him because they know he's a black man who knows his place. I know that's harsh, but that's how it sure seems to me," says Karen Finney, who thinks that liking a black man is racist.

>Like your guns? RACIST! "I believe the NRA is the new KKK. And that the arming of so many black youths, uh, and loading up our community with drugs, and then just having an open shooting gallery, is the work of people who obviously don't have our best interests [at heart]," says Jason Whitlock, who apparently is blissfully unaware that slavery and Jim Crow were upheld with gun control laws, enabling the Klan to run wild. Also, conspiracy theory much? They call conservatives "conspiracy theorists" for thinking politicians who proclaim they won't deport illegals are enabling illegal immigration, but this somehow passes muster?

>Trying to defeat a Democrat President? RACIST! "Look at, look, the Tea Partiers, who are controlling the Republican Party....Their stated policy, publicly stated, is to do whatever it takes to see to it that Obama only serves one term. What's, what does that, what undermines that? "Screw the country, we're going to [do] whatever we [can] do to get this black man, we can, we're going to do whatever we can to get this black man outta here'....It is a racist thing," says Morgan Freeman, who usually makes more sense than this. Can't win 'em all I guess.

>Disliking the Obama Presidency? RACIST! "They can't stand the idea that he's president, and a piece of it is racism. Not that somebody in one racial group doesn't like somebody in another racial group, so what? It's the sense that the white race must rule, that's what racism is, and they can't stand the idea that a man who's not white is president. That is real, that sense of racial superiority and rule is in the hearts of some people in this country," says the utterly shameless Chris Matthews.

>Disliking Obama? RACIST! "I think an overwhelming portion of the intensely demonstrated animosity towards President Barack Obama is based on the fact that he is a black man, that he's African-American," says Jimmy Carter, as if his advice should be taken seriously on anything. By the way, he was endorsed by George Wallace in 1976. When is CNN going to spend 3 nonstop weeks asking him to disavow that?

>The Judge Charles Pinckney episode, in which Charles Evers & the Mississippi NAACP chapter vouched

for him, but Democrats and national NAACP accused Pinckney of being a racist anyways.

This doesn't even get into Democrats calling then-Chief of Staff John Kelly racist for calling Frederica Wilson an "empty barrel," the ridiculous attempt to convince Americans that policies to end chain migration are racist because what else could "chain migration" be but a reference to slavery, CNN saying it was a racial slur to call Elizabeth Warren "Pocahontas," and repeated accusations that "Make America Great Again" really means "make America white again."

But on the bright side, at least one fine fellow decided we should Make Libel Laws Great Again. Covington Catholic High School student Nick Sandmann was called Nazi for standing there and smiling, in the face of a thoroughly ridiculous activist banging a drum in his face (he looks like he's trying his damndest to not burst out laughing--I don't think I could have managed it.) He deserves to be the richest teenager there ever was or will be, and perhaps some of his classmates should cash in as well.

It's official. Calling everything racist is just a tactic. Keep that in mind the next time you hear Democrats call anything (and everything) racist. It continues:

Slate: "The Electoral College is an instrument of white supremacy--and Sexism"

CNN: "Math is racist. How data is driving inequality."

NBC Oklahoma affiliate: "'To be white is racist.' Norman student offended by teacher's lecture."

Heat Street: "Canoes reek of genocide, theft, and white privilege" says Canadian professor (Misao Dean, Prof of English, University of Victoria)

Huffington Post: "North Korea proves your white male privilege is not universal."

Harvard Crimson: "Everything is about race."

Or how about Tim Wise's interview on MSNBC, claiming the GOP is segregationist like the Afrikaner Boer party of apartheid. What's that? When did the GOP ever call for segregation? Well, they have code words, dontcha know? "Golf," "Chicago," "NBA," "Vacation," "Lazy." Did we mention that racebaiting hack Tim Wise also falsely accused Andrew Breitbart of being involved in a cross-burning at Tulane University?

Meanwhile, what about Harry Reid, saying Obama's a "clean" black man without the "negro dialect?"

June 18, 2020, in a statement that is beyond satire, the CEO of Chick-Fil-A declares whites should shine black peoples' shoes to show their "sense of shame" and "embarrassment" for racism.

June 22, 2020, not to be outdone in putting satire-writers out of a job, Shaun King calls for destruction of Jesus statues. "Yes, I think the statues of the white European they claim is Jesus should come down. They are a form of white supremacy, and always have been." Whatever he's smoking, I want some too! It sounds like great stuff!

And my personal favorite, reported in many news sources at or about June 28, 2019: "North Carolina man sues Hardee's, claims civil rights issue involving hash browns." Now which political party do you think taught him to do that?

Honorable Mentions: Latino truck driver fired for cracking his knuckles, which some person at a "peaceful protest" was pleased to call a "white power symbol" (Western Journal, June 18

2020)--Alexandria Ocasio-Cortez, in an April 3 2020 tweet claimed COVID death disparities were the result of racism and redlining, because city population density itself wouldn't have anything to do with infections or anything. (COVID hit cities harder than rural areas in Europe too. I suppose that's caused by redlining as well.)--Nike pulled its Betsy Ross American flag shoe because an ex-2nd string QB complained.--Washington Post, July 4, 2020; "Is it time to reconsider the global legacy of July 4, 1776?"--Seriously an actual CNN chyron: "Reexamining "Independence" Day: As Americans grapple with racial reckoning, some are uncertain how to celebrate Independence Day."--NBC News, Noah Berlatsky, "Trump voters motivated by racism may be violating the Constitution. Can they be stopped?" and so we see that the racebaiting is but a pretext for thought policing, which will eventually lead to arrests for mundane opinions unapproved by our betters.--New York Times, "Hong Kong Protestors Love Pepe the Frog. No, They're Not Alt-Right." Imagine being so dumb you think a frog cartoon is part of a Nazi conspiracy. By the way, when will the racebaiters condemn the literal concentration camps the Chinazis are putting Uighurs into? (to say nothing of how they treat Blacks) I understand they're a little busy condemning the most tolerant country in human history for imaginary institutional racism, but if they cared, they'd find the time.--David Kaufman, "The Unintentional Racism Found In Traffic Signals," July 7, 2020, Medium.com.--New York Times also had a hitpiece on the YouTubers that are replacing fake news. The pathway to becoming a Nazi, if you believe the NYT anyways is watching Milton Friedman videos, listening to Joe Rogan, dating evangelical Christians, following Jordan Peterson, or the Rubin Report.--AOC, whose dumbness is over 9,000, even said calling people communist had a "rich history" in "white supremacy."--Washington Post, July 16, 2019: "The culture that put men on the moon was intense, fun, family-unfriendly, and mostly white and male."--They called Candace Owens a white supremacist. At some point, we need to stop bowing and start laughing!--Steven Zhou, "How anti-immigrant rhetoric crept into Chinese Canadian politics," September 18, 2018, vice.com. Apparently Chinese in Canada, just like Candace Owens, can be "white supremacists."--The Independent, June 10, 2020, "Opinion: What the white supremacist roots of biological sex reveal about transphobic feminism." Wow. Don't even ask me to try and explain that one!--USA Today proclaimed on Twitter a "fact" check that Trump's campaign featured an "imperial eagle, a Nazi symbol." Oh, I don't know guys. Is there another country that uses an eagle as a symbol? Might even be the one Trump's the President of?--CBS This Morning: Kendi and Reynolds on new book teaching kids the roots of racism. "Words with negative connotations: Black Monday, Black Sheep, Blackballing, Blackmail, Blacklisting." EVERYTHING IS RACISM!!!!!!!!!!!!111!1--In March 2020, Black voters in South Carolina propelled a Biden resurgence. Bernie supporters complaining about the influence of the Establishment were then called racist, because how dare you call black voters the establishment, you see?--June 26 2020, Oregon and Oregon State have banned using the term "Civil War" to describe their sports rivalry because something something slavery.--Daily Beast, "Tom Brady's New England Patriots Are Team MAGA, Whether They Like It Or Not", posted on Twitter with the accompanying and appropriately pompous proclamation "Their star quarterback, coach, and owners all supported Trump. But that's not the only thing that makes the Patriots the preferred team of white nationalists." (Somehow, I suspect it's written by an envious New York Jets fan.)--out.com, "Trump's Plan to Decriminalize Homosexuality is an Old Racist Tactic."--Daily Caller, "Democrats Seek to Outlaw Suburban Single-Family House Zoning, Calling It Racist and Bad for the Environment," December 23 2019--Leda Fisher, '19, Guest Writer, "Should White Boys Still Be Allowed to Talk?" February 7, 2019,

The Dickinsonian--LA Times (Oct 6 2017): "Knowingly exposing others to HIV will no longer be a felony in California." Also LA Times (May 7 2018): "STDs in L.A. County are skyrocketing. Officials think racism and stigma may be to blame."--Or Pete Buttigieg's use of the word "heartland" being called coded racial language by the Woke Brigade.--Or an Oregon school district that asked students to ponder whether PB&J sandwiches are racist.--USA Today, March 13, 2019 called pollution racist.--(RealClearPolitics and The Post Millennial) July 7, 2020, Rutgers Declares Grammar Racist--New York Times, "I Broke Up With Her Because She's White"--CNN, Aug 1 2019: "Have you ever noticed the popularity of white robots? The reason for these shades of technological white may be racism, according to new research"--Psychology Today, "Can Dogs Be Racist?" by Stanley Coren, "PhD."

Salon, "A third of Americans think white people are 'under attack' "---->Gosh, I wonder where they got that idea.

So when confronted with the question of whether Nixon's, Reagan's or Trump's campaigns employed coded racial language, we must ask the question: Would you buy a used car from someone who told you all the above was racist?
